**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

Expedited Application of San Diego Gas &
Electric Company (U902E) Under the
Energy Resource Recovery Account Trigger
Mechanism.

A.20-12-007

**MOTION FOR PARTY STATUS BY
CALIFORNIA COMMUNITY CHOICE ASSOCIATION**

This motion is filed pursuant to Rule 1.4(a)(4) of the Rules of Practice and Procedure of the California Public Utilities Commission (Commission) on behalf of California Community Choice Association (CalCCA) in response to the *Chief Administrative Law Judge's Ruling Preliminarily Determining Category, Need for Hearings, Assignment, and Noticing Prehearing Conference*, dated December 28, 2020.

I. DESCRIPTION OF CALIFORNIA COMMUNITY CHOICE ASSOCIATION

California's community choice aggregators (CCAs) are local governmental entities that provide electricity services to their residents pursuant to Public Utilities Code Section 366.2. CCAs are currently serving about 10 million customers in more than 180 cities and counties across California.

CalCCA was formed in 2016 as a trade organization to facilitate joint participation in certain regulatory and legislative matters in which members share common interests. CalCCA's voting membership includes CCAs serving load and others in the process of implementing new service, including Apple Valley Choice Energy, Baldwin Park Resident Owned Utility District, Central Coast Community Energy, Clean Energy Alliance, Clean Power Alliance, CleanPowerSF, Desert Community Energy, East Bay Community Energy, Lancaster Choice Energy, Marin Clean Energy, Peninsula Clean Energy, Pico Rivera Innovative Municipal Energy, Pioneer Community Energy, Pomona Choice Energy, Rancho Mirage Energy Authority, Redwood Coast Energy Authority, San Diego Community Power, San Jacinto Power, San José Clean Energy, Silicon Valley Clean Energy, Solana Energy Alliance, Sonoma Clean Power, Valley Clean Energy, and Western Community Energy.

II. CALCCA’S INTENDED CONTENTIONS ARE REASONABLY PERTINENT TO ISSUES IN SCOPE AND WILL NOT PREJUDICE ANY PARTY

CalCCA intends to participate in this proceeding to ensure that the rate changes adopted in this proceeding conform to the Commission’s rules, practices, and decisions, do not disadvantage member CCAs San Diego Community Power or Clean Energy Alliance in providing services to their customers in the future, and are generally just and reasonable. These issues fall squarely into the scope of the Commission’s ratesetting proceedings.

III. PROCEDURAL ISSUES

CalCCA supports the Chief ALJ’s preliminary categorization of this proceeding as ratesetting. CalCCA reserves comment on whether hearings will be required until it has adequate time for review and, as necessary, discovery.

IV. NOTICE

CalCCA requests that all correspondence, pleadings, notices, orders, rulings, and other communications concerning this proceeding be emailed to the following:
