MOTION FOR PARTY STATUS BY
CALIFORNIA COMMUNITY CHOICE ASSOCIATION

I. DESCRIPTION OF CALIFORNIA COMMUNITY CHOICE ASSOCIATION

California’s community choice aggregators (CCAs) are local governmental entities that provide electricity services to their residents pursuant to Public Utilities Code Section 366.2. CCAs are currently serving about 10 million customers in more than 180 cities and counties across California.

II. CALCCA’S INTENDED CONTENTIONS ARE REASONABLY PERTINENT TO ISSUES IN SCOPE AND WILL NOT PREJUDICE ANY PARTY

CalCCA intends to participate in this proceeding to ensure that the rate changes adopted in this proceeding conform to the Commission’s rules, practices, and decisions, do not disadvantage member CCAs San Diego Community Power or Clean Energy Alliance in providing services to their customers in the future, and are generally just and reasonable. These issues fall squarely into the scope of the Commission’s ratesetting proceedings.

III. PROCEDURAL ISSUES

CalCCA supports the Chief ALJ’s preliminary categorization of this proceeding as ratesetting. CalCCA reserves comment on whether hearings will be required until it has adequate time for review and, as necessary, discovery.

IV. NOTICE

CalCCA requests that all correspondence, pleadings, notices, orders, rulings, and other communications concerning this proceeding be emailed to the following:

Respectfully submitted,
