

CalCCA Virtual Annual Meeting

12.1.21

Program Schedule

REGISTER [HERE](#)

TIME (PST)	PROGRAM
8:30 a.m.-5:00 p.m.	Exhibitor Tables Open
8:30-9:25 a.m.	Networking/Coffee Hour
9:30-9:40 a.m.	Welcome Remarks Beth Vaughan, Executive Director, CalCCA
9:40-9:50 a.m.	Greetings from Washington, D.C. Senator Alex Padilla
9:50-10:15 a.m.	Power Chat: Federal Energy Policy Outlook James Ralph, Senior Advisor for Federal Energy and Climate Policy to Governor Newsom, in conversation with Lori Mitchell, Director, San Jose Clean Energy
10:15-11:30 a.m.	Panel: What's on the Agenda? What are the critical issues facing California's energy sector in 2022 and beyond? How should California approach electric sector planning and organization in these challenging and unprecedented times? Panelists from California's leading policy, operations, and regulatory bodies will offer their insights. Moderator: Beth Vaughan, Executive Director, CalCCA Angelina Galiteva, Chair, Board of Governors, CAISO Commissioner Siva Gunda, Vice Chair, CEC Kip Lipper, Chief Policy Advisor, Energy & Environment, Office of Senate President Pro Tem Toni Atkins Edward Randolph, Deputy Executive Director for Energy and Climate Policy, CPUC
11:30 a.m.-12:00 p.m.	CCA Champion Award Recipient: State Senator Anthony Portantino Introduction: Ted Bardacke, CEO, Clean Power Alliance Presenter: Diana Mahmud, Chair, Clean Power Alliance and South Pasadena Mayor
12:00-12:55 p.m.	Lunch/Networking
1:00-1:15 p.m.	Address: Writing Our Next Chapter Beth Vaughan, Executive Director, CalCCA
1:15-2:25 p.m.	Panel: Local Strategies to Accelerate Achievement of California's Clean Energy Goals CCA leaders will discuss the quest for accelerated clean energy goals, such as achieving 24-7 carbon-free and/or 100 percent renewable energy supplies, and potential strategies for achieving those goals while maintaining affordability and reliability. Moderator: Geof Syphers, CEO, Sonoma Clean Power Ted Bardacke, CEO, Clean Power Alliance Tom Habashi, CEO, Central Coast Community Energy Barbara Hale, Assistant General Manager, Power, SFPUC (CleanPowerSF) Jan Pepper, CEO, Peninsula Clean Energy
2:30-2:55 p.m.	Networking Break
3:00-4:10 p.m.	Panel: Building Out to 2045 CCAs are clean energy procurement power houses in California and are playing a crucial role in helping the state achieve a 100% clean energy portfolio. This panel will explore practical implementation and development approaches that will help California advance towards its 2045 carbon-free goals, with the understanding that going beyond 'business as usual' with a diversity of resources will be essential. Moderator: Dawn Weisz, CEO, MCE Tristan Grimbert, President/CEO, EDF Renewables Cody Hooven, Chief Operating Officer, San Diego Community Power Alex Makler, Senior Vice President, West Region, Calpine Jim Shandalov, Vice President, NextEra Energy Resources
3:00-4:10 p.m.	Panel: Decarbonize Everything California has made great strides in reducing electricity-related greenhouse gas emissions. The next big push focuses on decarbonizing buildings and transportation. This panel will provide a look at the role local communities can play in advancing solutions in the built environment, on roadways, and elsewhere. Moderator: Girish Balachandran, CEO, Silicon Valley Clean Energy Chad Assay, Director, Advanced Energy Center, Sonoma Clean Power Jesse Denver, Senior DER Manager, East Bay Community Energy Alice Havenar-Daughton, Director of Customer Programs, MCE Kathy Wells, Energy Programs Manager, California Choice Energy Authority
3:00-4:10 p.m.	Panel: CCA Data Challenges and Opportunities Panelists will discuss various opportunities and challenges that are associated with using data effectively. Key focus areas include: Data Access (how CCAs overcome data access problems so they can effectively design programs and rate offerings); Big Data (tracking ever-changing customer loads, power prices, and energy market complexities to serve customers with green power at affordable rates); and Modeling (rigorous modeling is needed to determine what resources should be built and when). Moderator: Taj Ait-Laoussine, VP, Technology and Data Analytics, EBCE Josh Brock, Vice President of CCA Commercial Operations, Calpine Energy Solutions Rebecca Fang, Data Analyst, Silicon Valley Clean Energy Scott Wigglesworth, Managing Director, Operations and Strategy, Ascend Analytics Fred Taylor-Hochberg, Director of Modeling, CalCCA
4:10-4:15 p.m.	Closing Remarks Matthew Marshall, Executive Director, Redwood Coast Energy Authority
4:15-5:00 p.m.	Closing Reception
