## CALIFORNIA COMMUNITY CHOICE ASSOCIATION'S RESPONSE

California Community Choice Association (CalCCA) submits this Response in compliance with the Administrative Law Judge's (ALJ) September 29, 2026 E-mail Ruling requiring CalCCA to respond to a statement in Pacific Gas and Electric Company's (PG&E) September 29, 2026 Response to CalCCA's Request for Evidentiary Hearings.

The Assigned Commissioner's August 3 Scoping Memo and Ruling[1] directed parties to request evidentiary hearings in the above-captioned proceeding by September 24, 2026. On September 24, 2026, CalCCA submitted a Request for Evidentiary Hearings (Request) in A.26-05-007, *Application of Pacific Gas and Electric Company for Adoption of Electric Revenue Requirements and Rates Associated with its 2027 Energy Resource Recovery Account (ERRA) and Generation Non-Bypassable Charges Forecast and Greenhouse Gas Forecast Revenue Return*

[1] Application (A.) 26-05-007, *Assigned Commissioner's Scoping Memo and Ruling* at 5 (Aug. 3, 2026) (Scoping Memo).

*and Reconciliation.* Subsequently, on September 29, 2026, PG&E filed its Response to CalCCA's request for evidentiary hearings.

As CalCCA explained in its Request, at the time that Request was filed, several discovery requests from CalCCA's tenth and eleventh set of discovery requests to PG&E remained pending, and several material factual disputed issues remained unresolved. CalCCA therefore requested evidentiary hearings, but anticipated it was "possible PG&E's responses to CalCCA's discovery requests may help narrow the need for live witness cross examination at an evidentiary hearing."[2]

Following the submission of CalCCA's Request, CalCCA received PG&E's responses to its tenth, eleventh, and (subsequently issued) twelfth set of discovery requests to PG&E. Those responses were issued on Thursday September 24; Friday September 25; Monday September 29 and Tuesday September 30. As CalCCA anticipated, those responses helped narrow the material factual disputed issues in this proceeding, including those described in CalCCA's Request.

Counsel for CalCCA conferred with counsel for PG&E on the morning of Tuesday September 29. Based on counsel's representation that PG&E would stipulate to the admission of its responses to CalCCA's discovery requests issued following the submission of rebuttal testimony, CalCCA agreed that the disputed factual issues in this proceeding had been sufficiently narrowed via discovery such that hearings and live witness cross examination was no longer necessary. As such, CalCCA withdraws its request for an evidentiary hearing in this proceeding.

[2] Request at 2.

Respectfully submitted,
